Dear John,

Thanks for speaking with me today and thank you for receiving these brochures for Applewild School. As I mentioned, Applewild has openings for grades Kindergarten through 4 and in grade 7. Please be sure to mention this and pass along our brochures to prospective home buyers who desire an exceptional school to go along with their exceptional new home. Enclosed are a few copies of our brochures. I hope Applewild can be the key to closing many more deals for you.

Speaking of happy customers, I want to thank you again for guiding my wife Erica and me to our dream home in Mason, NH. It is entirely because of you that we made our purchase. You made the entire process informative and enjoyable. We always felt confident that we were in good hands with you. Thank you.

Best of luck to you and your colleagues in the coming year.

Sincerely,

DJ Hager
